CONSTRUCTION LOANS

COMPLETED BUILDINGS

Unlimited Money to Loan

at Six per cent

S. W. Straus & Co., Incorporated, have unlimited funds to lend on

first mortgage to aid in the financing of office buildings, apartment

buildings, apartment hotels and similar structures in the larger

cities of the country. The current interest rate for sound and meri-

torious projects of this character does not exceed 6%. We are pre-

pared to negotiate long term construction loans at this rate in the form of first mortgage bond issues, to be repaid through serial

We are also in the market for loans secured by completed build-

ings of the same character. Modern properties already financed at

high rates of interest and which meet our requirements for safety,

Mercantile and Industrial Corporations with real estate assets and

having a consistent record of past earnings can profitably borrow funds under our industrial plan of financing at these favorable rates,

the earnings of the business repaying the loan out of future profits.

We prefer loans of \$200,000 and up. Prompt action on all ap-

plications. Special literature has been prepared explaining how

borrowers can save money by borrowing under the Straus Plan.
